

# BITTER END

YACHT CLUB

OFFICE AFLOAT

*Build inspired teams  
from the BVI's best office.*

Very few places in the world allow guests to seize business opportunities while working on the water as seamlessly as Bitter End. In fact, our 64 unspoiled acres are reachable only by water—making our relaxed resort the ideal spot for employees to break away from the day-to-day and challenge themselves in new and exciting ways.

Bitter End offers an exceptional location, world-class accommodations and custom-tailored adventures that will inspire everyone from veteran executives to new recruits. While here, you and your guests will have unfettered access to all of our offerings, including over a mile of stunning waterfront, endless hiking trails and multiple open-air dining venues. Plus, you'll have full-access to Bitter End's famous Club Fleet, from which you can enjoy captained excursions to nearby islands or plan your own team-building regatta.

*"As an experienced sailor, I can report  
that the watersports program at the BEYC  
may be one of the best I've ever seen".*

- Bill Springer, Forbes

When it's time to get to work, we offer sophisticated meeting spaces that feature incredible Caribbean experiences while still being wired for business. Of course, if you'd like to break out of the boardroom, we're happy to help plan private events on the beach, at the pool, on a yacht—the options are endless, but a few highlights are listed on the following page.

## CONFERENCE CENTER

Located in the heart of the resort, our conference center can accommodate up to 80 participants. It has wifi and is air-conditioned—although we suggest leaving the doors open to allow the trade winds and garden palms in.

## SAILING SCHOOL

Create the ultimate team-building outing with the Bitter End Sailing School, the BVI's premier school. We are accredited by the US Sailing Association and our world-class instructors hail from around the globe. We offer full accreditation in Basic Keelboat and Basic Cruising, as well as introductory to advanced courses in Hobie Sailing, Laser Sailing, Windsurfing and more.

## OWNER'S COMPOUND & SUMMER HOUSE

This covered, open-air great room offers Bitter End's most breathtaking views and is perfect for all fresco entertaining. Host up to 20 guests for a relaxed meeting or an exclusive meal, both of which can be custom-catered by our Bitter End team. The space is also connected to the Owner's Suite, where Bitter End's proprietors stay when they are on island, and to two Reef Bungalows.

*“The iconic Yacht  
Club has still got it.”*

– Repeat Guest

### **THE M/V CORINTHIAN**

For an impressive outdoor meeting space, consider a blue-water cruise aboard the Corinthian. The 59-foot, double-decked, twin-hulled diesel-powered boat can accommodate groups up to 20. Get down to business before spending time snorkeling, sailing or fishing in the pristine waters of the North Sound. Lunch or cocktails can be served on board.

### **S/V PARANDA**

A 48-foot Spronk-designed performance catamaran that can accommodate up to 20 people. Perfect for sunset sails, exploring Sir Francis Drake Channel, or a trip to other nearby islands and cays with a large family or wedding group. Charter with a captain for a half day, full day or sunset cruise.

### **BLUE WATER RACING YACHT – EXPRESS '37**

A true classic, only 65 of these highly coveted racing yachts were ever built. It offers a thrill, as it can travel up to 14 knots downwind. This monohull also comfortably accommodates up to eight people, includes a shower-head and has berths for resting.

# A REWARDING ESCAPE
